Re: 2018 Annual NJAPZA Dues

Dear NJAPZA Member:

Thank you for your support of NJAPZA in 2017! I am excited that our membership is growing and increasing active on committees and attendance at seminar. I am proud that 2017 was another very active year, and our achievements include:

- Increasing Association membership to 304 members
- Updating By-Laws to make the Association run more efficiently;
- Offering a variety of educational opportunities in the form of webinars and classroom seminars in different parts of the state;
- Communicating with the membership through regular emails;
- Publishing a newsletter twice a year full of timely information and pertinent articles; and
- Continuing to post on social media to keep members informed. If you have not already, please **like us on Facebook** and spread the word!

I am glad to serve another term as President through 2019. The Board and Committee plans are ambitious. We want to continue to raise NJAPZA's profile by partnering with organizations such as the NJ Chapter of the American Planning Association on educational programs and by meeting with state legislators to explain the important role that our members play in the local planning and zoning process. One of our specific objectives is to offer more programming in all parts of the state. The Board has also hired a new Executive Director to continue the organization and support that Jackie Zelinka has provided these past four years. Jackie will remain as "special projects coordinator" for 2018.

In order to support these important initiatives, the Board of Directors agreed that the annual dues for 2018 will be \$100, a nominal increase from 2017, to support these efforts. The membership fee will give us the financial resources we need to expand our activities, grow the organization and continue to raise its profile. We hope you think your dues are a good investment---not only in NJAPZA as an organization but also in your own professional future.
